**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I choose to utilize a local provider for my internet service. They are currently able to share fiber lines to bridge our broadband service with the fiber that they own. It is critical for citizens such as myself to continue to have full access to the fiber for our DSL service, so that we can continue to have access to broadband internet. It has become critical for our work, businesses, education and more.

We need the broadband competition to keep balance in the services offered to consumers, but more importantly we are dependent on the internet access for almost everything.

Please do not allow this access to be taken away.

Thank you in advance.

Sincerely,

D Roumbanis
